

Coach Trip

Another wonderful holiday

What a way to spend your time. Just go on holiday.
The Norfolk Lavender farm, stately Sandringham, I'll tell you
about Walsingham, if I may.
It was oh so peaceful, serenity was in the air.
There was Christian music coming from the church and
the gorgeous weather helped us enjoy it to be fair.
Sunhats were a must, wherever we went we had fun;
even him on the scooter, some of the time!
Age is NOT a problem – bring your walking stick even if
you're still in your prime.

In Wells some went on the miniature railway, others walked
around the town.
Someone dipped their toes in the sea while others preferred
a drink and a sit-down.
Wroxham, on the Broads, a lovely place to be.
Thatched chalets and posh houses, sailing boats and
crested grebes were some of the sights we'd see.

But they wouldn't let me sing 'Messing about on the River!'
Lockdown put an end to that so I was told to go hither!
So we went to Hunstanton another little seaside resort.
For fish 'n' chips and candyfloss, crabs and cod could be caught.
Go on the slot-machines if you fancy your chances to win.
So all in all a good time was had. Roll on 2022 and let more fun begin.

We did have a great time and sadly all holidays end(s).
But here's the truth, you know what I'm going to say –
We all came back as friends.
