

Interfaith week Faith Trail

Date: w/c 14th Nov 2021

To celebrate Interfaith week, the Religion Belief and No-Belief Equality Partnership along with the Sheffield City Council are putting together a Faith Trail across the city. This is a fantastic opportunity for members of the public and other faith communities to have a better understanding, get to know one another and to ask questions. For more information please see the list below.

We have also organised an event in partnership with the Sheffield City Council, to showcase the work that has been done over the past 18 months by the Faith communities during this difficult time, to further acknowledge the hard work, support and ongoing kindness of all faith communities across the city. The event will take place on zoom on Monday 15th November at 6pm. Book your tickets [here](#)
